

# BOOSTING BUSINESS INTEGRATION THROUGH JOINT VET EDUCATION

Rostock, 02. April 2019

## WELCOME to BBVETs Final Event

The Chair of Business, Economics and Entrepreneurship education of the University of Rostock warmly welcomes you in the name of the BBVET consortium!

We are really looking forward to present you finally the results of the project achievements.

**Topics** that we will focus on are:

The cross-border international **VET education**

How can we **connect** our European education systems?

How have we been **successful** in boosting our businesses through cross-border VET mobilities?

Which **knowledge, skills and competences** did the participating students, teachers, trainers and coaches in the vocational fields of EdTech and Mechatronics gained the most?

So let's have interesting discussions and create visionary ideas and networks for a more international future in VET education!

On the following pages, you find further information about the day, so please take your time to have a look into it! If there are any questions, please let us know!

We wish you an inspiring meeting and a good time in Rostock, Germany.
